

# WHO'S WHO

## OBJECTIVE:

An icebreaker activity to enable team members to learn more about each other.

## MATERIALS:

- 3"x5" cards
- Pens or pencils

## PROCEDURE:

1. Give each person a 3"x5" card and a pen or pencil.
2. Instruct participants to write their name on the card and a statement about themselves that they think other team members don't know.
3. Collect all cards.
4. Read each card and have participants write down the name of the team member they think wrote the statement.
5. Read through the cards a second time while participants guess "Who's Who."
6. Read each card a third time and as you do, ask participants who they think it describes. Then have the owner of the card identify him/herself.
7. After reading all cards, determine who guessed the most correctly and award a prize.
